VS Code screenshot showing index.html and style.css files.

index.html:
```html
<!DOCTYPE html>
<html lang="en">
<head>
    <meta charset="UTF-8">
    <meta http-equiv="X-UA-Compatible" content="IE=edg
    <meta name="viewport" content="width=device-width,
    <title>Document</title>
    <link rel="stylesheet" href="./style.css">
</head>
<body>
    <div class="block-animation">
        <div class="line"></div>
    </div>
</body>
</html>
```

style.css:
```css
.block-animation {
    margin: 50px auto;
    width:350px;
    height:20px;
    border: 1px solid rgb(134, 0, 0);
}

.line {
    width: 0%;
    height: 20px;
    background-color: red;
    animation: loading 8s ease-in-out forwards infinite;
}

@keyframes loading {
    to {
        width:100%;
        }
}
```
